Your donation to the Bluecoat Display Centre

Bluecoat Display Centre has been a registered charity since 2010
(Charities Number 1136680)

Bluecoat Display Centre's (BDC) original mission in 1959 was to promote and display the work of leading craftsmen and designers, with work that would enhance architecture. Since then, BDC has developed into a dynamic craft organisation whose mission is to raise the public's aesthetic appreciation of applied art and design and the provision of educational lectures, workshops and exhibitions.

BDC works closely with local Universities, particularly Hope University's Department of Fine and Applied Arts, to support students leaving University and keeping them in the city by offering them a retail outlet for their work and some professional development advice sessions. BDC also offers an internship programme for students and recent graduates to get experience working in the gallery and craft sector, and also employing them on a casual basis.
